Pickwick Publications, United States, 2015. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.In Prisms of Faith, a diverse and distinguished group of scholars approach the theme of religious education and Catholic identity from their respective disciplinary perspectives, offering compelling insights of interest to scholars, catechists, and the general reader alike. The first three chapters are more historical in nature, offering targeted studies that focus on the Apostolic Fathers as a resource in the formation of faithful Catholics, the preaching of St. Augustine, and religious education in modern Poland. The last four chapters have a more contemporary focus, approaching current initiatives and challenges in the formation of faithful Catholics. Issues under consideration include the rights and obligations enshrined in the 1983 Code of Canon Law, the catechetical dimension of liturgy, current obstacles and opportunities in the moral formation of Catholics, and a comparative analysis of three dominant approaches to Catholic religious education. Taken together, these seven chapters form a coherent whole, illustrating well the perennial importance of Catholic religious education, the various resources and methods employed in this work, and the stubborn challenges that effective formation entails. Prisms of Faith reflects the best scholarship of contemporary Catholic religious education and catechesis. It holds great potential to renew our efforts at sharing the faith in our postmodern world. It is also a fitting tribute to someone who has done this so well for so long--Professor Tom Walters. --Thomas Groome, Author, Professor of Theology and Religious Education, Boston College The task of handing on the Catholic faith faces enormous challenges today. Those who care about fostering vibrant...
