AUTHORHOUSE, United States, 2009. Paperback. Book Condition: New. 224 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Kaci s children have craniosynostosis, a condition where the infant skull sutures (openings) fuse early and a secondary condition, chiari malformation, caused by the growing brain pushing its way down the spinal column. With 13 surgeries between the children, the Kings are often asked how they manage daily life along with the difficult diagnoses and seemingly endless trips to the operating room. Finding help did not come easily. Kaci trusted her instincts and pushed on, focusing on the children s health and leaning on sources of strength. The conditions could be fixed once they found a doctor who knew how to help. Their continued search led to Dr. Ben Carson, Chief of Pediatric Neurosurgery at Johns Hopkins Hospital: an angel in disguise. The children would have suffered gravely without the treatment they so desperately needed. She shares her family s journey: how they coped; how they found their inner strength; and how not knowing what else to do, they prayed. Kaci offers a wealth of information explaining the medical conditions, websites and online support groups. Through this book, she sheds light on what helped them overcome obstacles, how they found strength during difficult times, and encourages others who may feel hopeless. Kaci shares the heartache and many blessings received throughout this journey. Light Will Emerge...
