AVERAGE GENIUS: A POLITICAL GUIDE FOR THE APOLITICAL (PAPERBACK)

DOWNLOAD

Createspace, United States, 2010. Paperback. Book Condition: New. 213 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.What is the most effective way for Washington to fight poverty? Do we really need to spend billions every year on defense? How would the original civil rights heroes view the struggles playing out today? Is it wise to answer past failure by repeating the same policies? Average Genius looks at the major political questions of the day from a decidedly apolitical viewpoint. Whether you take from it a new perspective on the battles playing out in state houses and congressional hearings or gain new information to bring to the voting booth, Average Genius wasn t written to push one party or one idea, but to lay out a vision of government and the citizen s role in it. In addition, Average Genius looks to the resources and efforts that have worked in the past, the values that drive effective solutions, and who needs the power to solve today s problems and deal with those on the horizon. In essence, it s a book about you.
