Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Move over, Carl Hiaasen - it s Mojo time! Documentary Producer Mojo becomes unwittingly involved with a murderous plot to control construction of a luxury resort in the Turks and Caicos Islands, which threatens to destroy historical treasures and reveal intriguing native secrets. Meanwhile Mojo struggles with her raucous on-again, off-again relationship with divemaster dog Mike, her hippie mom s arrival on island, and a cantankerous crew. The murder of a local historian is linked with the discovery of a potentially history-changing artifact in an island cave, which Mojo steals and stashes underwater in an eel hole. She is relentlessly stalked by various evil parties, each with a financial interest in the gigantic Highpoint resort, which is threatened by this discovery. Set in the early 1980s, Decompression is a nostalgic look at life on a remote Caribbean island chain, a lifestyle long since lost in the world s ensuing waves of technology. This rollicking, action-filled adventure is packed with weird, quotable island characters, dangerous dives, speed boat and helicopter chases, murder, plot twists, and riveting romance. It s set in exotic locations all over the archipelago, including a posh clothing-optional resort at the fictional private island, Mangrove Cay. Enjoy this Director s Cut of Decompression before big time editors tear it apart! Visit to email Mojo - and discuss your ideas about what kind of trouble she can get into next, in this series of books (and TV Series). Also at , you ll find Your Daily Mojo, photos and videos related to the story, character blogs, plus more books and screenplays by the author.
