Virtual Assistant Assistant is the book for entrepreneurs who are looking for a way to take their business to the next level. If you ve ever caught yourself thinking there just aren t enough hours in the day, there is a solution. And it won t make you go broke, either. Virtual assistants are essentially telecommuting contractors to your business. This book tells you everything you need to know about virtual assistants, including: Where to find the best ones How to hire them Best practices for working with them on an ongoing basis It s written from firsthand experience, NOT theoretical or academic fluff. You ll learn how a talented virtual assistant can help save you time, money, and headache. Take control of your entrepreneurial life and learn how to effectively outsource your non-essential tasks. You ll free up hours every day to focus on what s really important. In the end, virtual assistants can help you lead a happier, healthier, and more productive and stress-free life. It s possible (and I would argue essential) to unload many aspects of your day-to-day work, leaving you free to tackle the higher-level, strategic, and money-making projects that often get neglected. Time is Our Most Valuable Resource But it s also the resource we are quickest to waste. With this book, you may not achieve the 4 Hour Work Week right away, but you ll get actionable advice on how to get started with outsourcing. The world s most successful people didn t get there alone; they all had help along the way. What are you waiting...
