She was born in London into a middle-class family of Irish origin. She fought for the causes she thought were right, starting with freedom of thought, women s rights, secularism (she was a leading member of the National Secular Society), birth control, Fabian socialism and workers rights. Soon she was earning a small weekly wage by writing a column for the National Reformer, the newspaper of the National Secular Society. She was also one of the leading figures in Theosophy. Soon after becoming a member of the Theosophical Society she went to India for the first time (in 1893). She devoted much of her energy not only to the Society, but also to India s freedom and progress. Among her famous works are: Autobiographical Sketches (1885), Annie Besant: An Autobiography (1893), London Lectures of 1907 (1907), The Basis of Morality (1915), and The Case for India (1917).
