BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 36 pages. Dimensions: 9.7in. x 7.4in. x 0.1in.This report reviews the U. S. Agency for International Developments (USAID) fiscal year 2000 performance report and fiscal year 2002 performance plan to assess the agencys progress in achieving selected key outcomes that are important to the agencys mission. GAO found that although USAID reported progress toward achieving the selected outcomes, the extent of the progress is unclear because the agency based its support on disaggregated and, in some cases, out-of-date and selective data. Unlike past years when USAID issued separate performance reports and performance plans, the agency issued a performance overview supplemented by more detailed data in the fiscal year 2000 budget justification to Congress, both of which incorporated elements of performance reporting and planning. In the fiscal year 2000 Performance Overview, USAID based its statements of progress on self-reported fiscal year 1999 performance data provided by individual USAID missions. In addition, USAID reported progress toward achieving agency goals and objectives by relying on selected information about an individual countrys missions performance. Although USAID reported detailed fiscal year 2000 performance data at the operating unit level in its budget justification, those data were not aggregated to summarize progress toward agency objectives. This item ships from La Vergne,TN. Paperback.
