From simple listening games to more advanced exercises in rhyming, alliteration, and segmentation, this best-selling curriculum helps boost young learners preliteracy skills in just 15-20 minutes a day. Specifically targeting phonemic awareness now known to be an important step to a childs early reading acquisition this research-based program helps young children learn to distinguish individual sounds that make up words and affect their meanings. With a developmental sequence of activities that follows a school year calendar, teachers can chose from a range of activities for their preschool, kindergarten, and first-grade classrooms. Plus, the curriculum includes an easy-to-use assessment test for screening up to 15 children at a time. This assessment not only helps to objectively estimate the general skill level of the class and identify children who may need additional testing but may also be repeated every 1-2 months to monitor progress. All children benefit because the curriculum accommodates individualized learning and teaching styles.
