Integrated Neuroscience

By Marcus, Elliott M. / Jacobson, Stanley

Book Condition: New. Publisher/Verlag: Springer, Berlin | A Clinical Problem Solving Approach | INTEGRATED NEUROSCIENCES This textbook takes as a premise that, in order to make intelligent diagnosis and provide a rational treatment in disorders of the nervous system, it is necessary to develop the capacity to answer the basic questions of clinical neurology: (1) Where is the disease process located? (2) What is the nature of the disease process? The purpose of this textbook is to enable the medical student to acquire the basic information of the neurosciences and neurology and most importantly the ability to apply that information to the solution of clinical problems. The authors also suggest that hospital trips be a part of any Clinical Neurosciences Course so that the student can put into actual practice what he has learned in the classroom. We believe that this textbook will be of value to the student throughout the four years of the medical school curriculum. Medical, psychiatry and neurology residents may also find this text of value as an introduction or review. It is more true in neurology than in any other system of medicine that a firm knowledge of basic science material, that is, the anatomy,...
